

Introduction

It is prophesied in the Holy Scriptures (the Old Testament) that the time will come when many nations of this Earth will beat their swords into plowshares. (Read: Isaiah 2:2-4; Micah 4:1-4)

The words that are spoken in Micah 4:1-4 which say: **“they shall beat their swords into plowshares, and their spears into pruninghooks”** are symbolic of the time when many nations and people throughout this Earth will return to the true God - the Great Yehovah Elohim, and will return to the true worship unto him, and in that many nations and people throughout this Earth will beat their swords of military equipments and weaponry of warfare into the manufacturing of plowshares of agriculture, gardening, forestry and husbandry machinery, equipments, tools and supplies. This is now that time in which these Holy Words of Bible Prophecies of the Great Yehovah Elohim concerning these things will be fully realized and perfectly fulfilled throughout this entire Earth. This is now that time in which there have been 6000 years since the creation of Adam and Eve in the Garden of Eden to this present time; and this is now that time in which people and nations will perfectly turn to and obey the Holy Laws of the Yehovah Elohim, and also will perfectly know and perfectly fulfill his Perfect Will, including in that they will be diligent, good tillers-farmers, gardeners, foresters, and good stewards of this Earth, and over all of the animals and sea creatures of this Earth.

It is to the Perfect Will of the Yehovah Elohim for people and nations to return to the land - they are to return to having their very own Garden of Eden - they are to return to having land ownership with Title Deed thereto, and to living on their own land property, and in being diligent, good tillers-farmers, gardeners and foresters of their very own land property, and be good stewards over this vast, beautiful, blessed, good Earth that the Great Yehovah Elohim has graciously given to people and nations, as well as be good stewards over all of the animals and sea creatures of this Earth. People and nations have struggled against the true God - the Great Yehovah Elohim, and against his righteous Government-Kingdom and Holy Laws, and against their fellow-mortal beings, including in struggling against one another in constant hatred, greed, warfare, and for power and control. People and nations have also struggled against the Great Yehovah Elohim in refusing to justly divide the land, and to freely give the land to the people, and for the people to have land ownership. Additionally, people and nations have struggled against the Great Yehovah Elohim in refusing to be diligent, good tillers-farmers, gardeners, foresters and good stewards over the entire Earth, and over the animals and sea creatures of this beautiful Earth. The main reason

why there have been so many wars on this Earth is because of the departure from the true God - the Great Yehovah Elohim, and from his righteous Government-Kingdom and Holy Laws, as well as departing from the land and from being diligent, good stewards in agriculture, gardening and forestry, and from being good husbandry over the animals, and sea creatures of this beautiful Earth. In the past years, many men and women have not known the true economic value, peace and spiritual well-being in fully owning and in living on their own land property, and in living off the land by being diligent in agriculture, gardening, forestry and animal husbandry. There will indeed be true cleansing, healing, salvation and restoration of many nations, people and individuals of this Earth now in this present time as men, women and children return to the true God - the Great Yehovah Elohim, and return to his righteous Government-Kingdom and Holy Laws, as well as return to having land ownership, and to living on their own private allotment of land property and in their very own blessed and beautiful Garden of Eden here on this Earth for these next 1000 years, which time period now, and is the beginning of the Seventh Millennium.

This is now the time in which people and nations are to go forth and spread out over the Earth, and establish new provinces with a new city in each province, and in that the land thereof is to be justly divided into allotments of land, and in that the allotments of land are to be **“freely given”** to the people as a generational property for these next 1000 years here on this Earth, and forevermore. This is now the time of the ending of 6000 years since the Garden of Eden; and also it is now the time of the beginning of the Seventh Millennium. The physical, beautiful, blessed, good Earth that we are now living on will last for another 1000 years. It is to the Perfect Will of the true God - the Great Yehovah Elohim for everyone to have perfect wisdom, knowledge and understanding of him, and of his righteous Government-Kingdom and Holy Laws, and also of his Perfect Will for all people and nations, including concerning returning to having land ownership, and of everyone being diligent, good tillers-farmers, gardeners, foresters and good stewards of this entire Earth, and over all of the animals and sea creatures of this Earth. This book, ***Beating Swords of Warfare into Plowshares of Farming and Gardening Tools - Returning to the Beautiful Garden of Eden Here on This Earth***, is written with the hope to give insight, knowledge, inspiration and understanding of the importance of returning to the true God - the Great Yehovah Elohim, and of returning to his righteous Government-Kingdom and Holy Laws, and also to give insight, knowledge, inspiration and understanding

"... Blessed be the Name of the Elohim forever and ever: for wisdom and might are his. And he changes the times and seasons. He removes kings, and sets up kings. He gives wisdom to the wise and knowledge to them that know understanding; he reveals the deep and secret things; he knows what is in the darkness, and the light dwells with him." (Daniel 2:20-22) "Surely the Yehovah Elohim will do nothing, but he reveals his secret to his servants the prophet." (Amos 3:7) "The secret of the Yehovah is with them that fear him, and he will show them his Covenant." (Psalm 25:14)
