Comparison of the Righteous Government-Kingdom and Holy Laws of the True God of the Universe - The Great Yehovah Elohim, to the Different Religions, and to the Different Man-made Systems of Governments on this Earth

Outlined below is a list of various topics and issues of life. Everyone is fully encouraged to read over, and to diligently examine and do a comparison of the different religious beliefs concerning the various topics and issues of life listed below. Additionally, everyone is fully encouraged to do a comparison of the Great Yehovah Elohim's righteous Government-Kingdom and Holy Laws, which government and Holy Laws are outlined in the Old Testament, to the different religious beliefs of this Earth, and also to the different, man-made systems of governments, and man-made laws, and system of economics on this Earth, concerning the various topics and issues of life listed below.

What laws are there in the Old Testament, and what laws do other religious beliefs and man-made systems of governments, have concerning the various topics and issues of life listed below? How many men and women have ever thoroughly and diligently examined their religious beliefs, and the history of their religious beliefs, and what they truly have accepted and do believe in? Secondly, how many men and women have ever thoroughly and diligently examined the various man-made systems of governments, and the man-made laws and bylaws of this Earth, as well as the man-made system of economic, banking and financial markets? This examination should, and must be done now in this present time, especially because of the collapsing and total destruction of all man-made systems of governments (man-made civilizations) now in this present time by the Great Wrath of Judgment of the true God of Universe, especially because all man-made systems of governments, and all false religious beliefs, and the man-made system of economic, banking and financial markets are in rebellion against the true God of the Universe - the Great Yehovah Elohim, and are against his righteous Government-Kingdom and Holy Laws, and also are against his Perfect Will.

Most important, it is prophesied in the Holy Scriptures of the Old Testament that many nations will turn to, convert, and be joined unto the true God of the Universe - the Great Yehovah Elohim now in this present time. In light of the fact that there are over 2,000 different religious beliefs, and many different religious sects and groups on this Earth at this present time, and in light of the fact that there are various man-made systems of governments, as well as the man-made system of economics, banking and finances, there must be a thoroughly and diligently examination and comparison of these things now in this present time. There are many questions listed in this comparison.
